

WM to Host Virtual Sustainability Investor Day

Mar 08, 2023

HOUSTON--(BUSINESS WIRE)--Mar. 8, 2023-- WM (NYSE: WM) today announced that it will host a virtual sustainability investor day on Wednesday, April 5, 2023, with presentations given by Jim Fish, President and Chief Executive Officer; Devina Rankin, Senior Vice President and Chief Financial Officer; Tara Hemmer, Senior Vice President and Chief Sustainability Officer; and other members of management. Presentations will be focused on the Company's investments and growth opportunities in its renewable energy and recycling businesses.

Participants can register for and join the event by visiting <http://investors.wm.com> and selecting "Events & Presentations" from the website menu. Participants may pre-register at any time.

The presentations, which will include question and answer sessions, will begin promptly at 10:00 a.m. EST and are expected to conclude by 12:00 p.m. A replay will be available on <http://investors.wm.com> under Events & Presentations.

ABOUT WM

WM ([WM.com](http://www.wm.com)) is North America's largest comprehensive waste management environmental solutions provider. Previously known as Waste Management and based in Houston, Texas, WM is driven by commitments to put people first and achieve success with integrity. The company, through its subsidiaries, provides collection, recycling and disposal services to millions of residential, commercial, industrial and municipal customers throughout the U.S. and Canada. With innovative infrastructure and capabilities in recycling, organics and renewable energy, WM provides environmental solutions to and collaborates with its customers in helping them achieve their sustainability goals. WM has the largest disposal network and collection fleet in North America, is the largest recycler of post-consumer materials and is the leader in beneficial reuse of landfill gas, with a growing network of renewable natural gas plants and the most gas-to-electricity plants in North America. WM's fleet includes nearly 11,000 natural gas trucks – the largest heavy-duty natural gas truck fleet of its kind in North America – where more than half are fueled by renewable natural gas. To learn more about WM and the company's sustainability progress and solutions, visit Sustainability.WM.com.
