## PROSPECTUS SUPPLEMENT SUMMARY

The following summary is qualified in its entirety by the more detailed information, including the Selected Consolidated Financial Data and the Company's Consolidated Financial Statements and Notes thereto, included or incorporated by reference in this Prospectus Supplement and the accompanying Prospectus. Except as otherwise specified, all information in this Prospectus Supplement assumes that the Underwriters do not exercise the over-allotment option described under the caption "Underwriting." The "Company" and "USA Waste" refer to USA Waste Services, Inc. and its subsidiaries and predecessors, unless otherwise indicated or the context requires otherwise.

## THE COMPANY

USA Waste is the third largest solid waste management company in North America and serves municipal, commercial, industrial and residential customers in 36 states, the District of Columbia, Canada, Mexico and Puerto Rico. The Company's solid waste management services include collection, transfer and disposal operations and, to a lesser extent, recycling and certain other waste management services. USA Waste owns or operates 101 landfills, 61 transfer stations and 123 collection operations and serves more than 2.0 million customers.

For the nine months ended September 30, 1996, approximately 52.9% of the Company's revenues was attributable to collection operations, approximately 28.9% was attributable to landfill operations and approximately 10.6% was attributable to transfer operations. Of the collection revenues, approximately 39.6%, 28.8% and 31.6% were from commercial, residential and industrial customers, respectively. For the nine months ended September 30, 1996, the Company's average landfill volume was approximately 72,500 tons per day.

The Company's strategy includes the following key elements: (i) increasing productivity and operating efficiencies in existing and acquired operations, (ii) increasing revenues and enhancing profitability in its existing markets through "tuck-in" acquisitions, and (iii) expanding into new markets through acquisitions. The Company seeks to become the low-cost operator in each of its markets by increasing productivity and operating efficiencies through implementation of uniform administrative systems, consolidation of collection routes, improvement of equipment utilization, and increases in employee productivity through incentive compensation and training programs. The Company regularly pursues opportunities to expand its services through the acquisition of additional solid waste management businesses and operations that can be effectively integrated with the Company's existing operations, and pursues acquisitions in new markets where the Company believes it can strengthen its overall competitive position as a national provider of integrated solid waste management services.

USA Waste was incorporated under the laws of the State of Delaware in April 1995 to become the successor to USA Waste Services, Inc., an Oklahoma corporation organized in 1987. The principal executive offices of USA Waste are located at 1001 Fannin Street, Suite 4000, Houston, Texas 77002 and its telephone number is (713) 512-6200.

## RECENT DEVELOPMENTS

On December 16, 1996, the Company acquired Empire Sanitary Landfill, Inc., a large landfill, and Danella Environmental Technologies, Inc., a collection operation, both located near Scranton, Pennsylvania. The annualized revenues from these acquired operations are approximately \$52 million.

USA Waste has signed a definitive agreement, effective as of January 15, 1997, to acquire the Canadian operations of Allied Waste Industries, Inc. ("Allied") for approximately US \$518 million in cash (the "Canadian Acquisition"). Allied acquired these operations from Laidlaw Inc. on December 30, 1996. The Canadian Acquisition includes landfill and collection operations in the provinces of Alberta, British Columbia, Manitoba, Ontario, Quebec and Saskatchewan. The annualized revenues from the Canadian Acquisition are approximately US \$270 million. Completion of the Canadian Acquisition is subject to certain Canadian regulatory approvals and other customary conditions.

USA Waste has signed a definitive agreement to acquire substantially all of the assets of Mid-American Waste Systems, Inc. ("Mid-American") for approximately \$180 million (the "Mid-American Acquisition," and together with the Canadian Acquisition, the "Pending Acquisitions"). The purchase price includes the proposed assumption of \$49 million of debt, with the balance of the price being paid in cash or a combination of cash and up to \$90 million of Common Stock of USA Waste. Since the purchase price is significantly less than Mid-American's total outstanding indebtedness, Mid-American and its related subsidiaries have filed a proceeding under Chapter 11 of the Bankruptcy Code with the United States Bankruptcy Court for the District of Delaware. Under the terms of the agreement, USA Waste will acquire the assets of Mid-American, subject only to agreed liabilities, and will be afforded protection from future creditor claims against the assets acquired. The assets to be acquired consist of landfill and collection operations in Ohio, Illinois, Indiana, Kentucky, Pennsylvania, South Carolina and West Virginia. Mid-American had annual revenues for 1996 of approximately \$123 million. Completion of the Mid-American Acquisition is subject to approval of the Bankruptcy Court, antitrust clearance and other customary conditions.

There can be no assurance that the Pending Acquisitions will be completed. Consummation of this Offering is not conditioned on consummation of the Pending Acquisitions, nor is consummation of the Pending Acquisitions conditioned on consummation of this Offering.

The Company has received a commitment from a group of commercial banks for a \$400 million bridge credit facility with an 18-month maturity and other proposed terms that the Company believes to be generally acceptable (the "Bank Bridge Facility"). In the event that this offering (the "Offering") or the Company's concurrent offering of 4% Convertible Subordinated Notes due 2002 (the "Notes Offering") is not consummated or is delayed, the Company intends to use the proceeds from the Bank Bridge Facility to fund a portion of the Canadian Acquisition.

On December 31, 1996, the Company was served with subpoenas relating to documents covering a period from 1990 to the present in connection with an ongoing investigation being conducted by the United States Attorney's Office for the Central District of California. The Company has been informed that it is not a target of the investigation but that one of its subsidiaries, Western Waste Industries, which the Company acquired in May of 1996, is a target of the investigation. The Company has pledged its full cooperation in the investigation.

## RISK FACTORS

In addition to the other information contained in or incorporated by reference in this Prospectus Supplement or the accompanying Prospectus, prospective investors should consider carefully the following factors relating to the business of the Company and the sale of the Common Stock before acquiring any of the Common Stock offered hereby. Information contained or incorporated by reference in this Prospectus Supplement or the accompanying Prospectus contains "forward-looking statements." No assurance can be given that the future results covered by the forward-looking statements will be achieved. The following cautionary statements identify certain important factors with respect to such forward-looking statements, including certain risks and uncertainties, that could cause actual results to vary materially from the future results covered in such forward-looking statements. Other factors also could cause actual results to vary materially from the future results covered in such forward-looking statements. In addition, prospective investors should consider carefully the information set forth under the captions "Business -- Regulation" and "-- Factors Influencing Future Results and Accuracy of Forward-Looking Statements" in Part I of the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 1995, which is incorporated by reference herein.

## NO ASSURANCE OF SUCCESSFUL MANAGEMENT AND MAINTENANCE OF GROWTH

The Company has experienced rapid growth, primarily through acquisitions. The Company's financial results and prospects depend in large part on its ability to successfully manage and improve the operating efficiencies and productivity of these acquired operations. In particular, whether the anticipated benefits of acquired operations are ultimately achieved will depend on a number of factors, including the ability of the combined companies to achieve administrative cost savings, rationalization of collection routes, insurance and bonding cost reductions, general economies of scale and the ability of the Company, generally, to capitalize on its combined asset base and strategic position. Moreover, the ability of the Company to continue to grow will depend on a number of factors, including competition from other waste management companies, availability of capital, ability to maintain margins and the management of costs in a changing regulatory environment. There can be no assurance that the Company will be able to continue to expand and successfully manage its growth.

## ACQUISITION STRATEGY

The Company regularly pursues opportunities to expand through acquisitions. The Company plans to continue to seek acquisitions that complement its services, broaden its customer base and improve its operating efficiencies. The Company's acquisition strategy involves certain potential risks associated with assessing, acquiring and integrating the operations of acquired companies. Although the Company generally has been successful in implementing its acquisition strategy, there can be no assurance that attractive acquisition opportunities will continue to be available, that the Company will have access to the capital required to finance potential acquisitions on satisfactory terms, or that any businesses acquired will prove profitable. Future acquisitions may result in the incurrence of additional indebtedness or the issuance of additional equity securities.

## INTERNATIONAL EXPANSION

If the pending Canadian Acquisition is consummated, a significant portion of the Company's operations will be conducted in Canada. The Company's operations in foreign countries, including Canada, generally are subject to a number of risks inherent in any business operating in foreign countries, including political, social and economic instability, general strikes, nationalization of assets, currency restrictions and exchange rate fluctuations, nullification, modification or renegotiation of contracts, and governmental regulation, all of which are beyond the control of the Company. No prediction can be made as to how existing or future foreign governmental regulations in any jurisdiction may affect the Company in particular or the solid waste management industry in general.

## USE OF PROCEEDS

The proceeds to the Company from the sale of the Common Stock in this Offering, after deducting underwriting discounts and commissions and estimated offering expenses, are \$336.9 million (\$387.4 million if the Underwriters' over-allotment option is exercised in full). The proceeds to the Company from the Notes Offering, after deducting underwriting discounts and commissions and estimated offering expenses, are \$487.1 million (\$521.5 million if the underwriters' over-allotment option is exercised in full).

The net proceeds of this Offering, together with the net proceeds of the Notes Offering, are expected to be used to repay the outstanding indebtedness under the Credit Facility and for general corporate purposes. At January 30, 1997, the aggregate outstanding balance under the Credit Facility was \$767.0 million. Borrowings under the Credit Facility bear interest at a rate equal to the Eurodollar rate plus an amount not in excess of 0.75% per annum (currently 5.75%) and mature on August 30, 2001. Amounts currently outstanding under the Credit Facility were incurred to fund acquisitions and refinance existing indebtedness and for capital expenditures and other general corporate purposes. Amounts repaid on the Credit Facility may be reborrowed from time to time for possible future acquisitions (including the Pending Acquisitions), capital expenditures and other general corporate purposes.

Consummation of this Offering is not a condition to consummation of the Notes Offering, and consummation of the Notes Offering is not a condition to consummation of this Offering.

The Underwriting Agreement provides that the obligations of the several Underwriters to purchase and accept delivery of the shares of Common Stock offered hereby are subject to approval of certain legal matters by counsel and to certain other conditions. If any of the shares of Common Stock are purchased by the Underwriters pursuant to the Underwriting Agreement, all such shares (other than those covered by the over-allotment option described below) must be purchased.

The Company has agreed to indemnify the Underwriters against certain liabilities, including liabilities under the Securities Act of 1933, as amended, or to contribute to payments that the Underwriters may be required to make in respect thereof.

The Representatives have advised the Company that the Underwriters propose to offer the shares of Common Stock to the public initially at the price set forth on the cover page of this Prospectus Supplement and to certain dealers (who may include the Underwriters) at such price, less a concession not in excess of \$0.84 per share. The Underwriters may allow, and such dealers may re-allow, discounts not in excess of \$0.10 per share to any other Underwriter and certain other dealers. After the initial offering, the offering price and other selling terms may be changed by the Underwriters.

The Company has granted to the Underwriters an option to purchase up to an aggregate of 1,500,000 additional shares of Common Stock, at the initial public offering price less underwriting discounts and commissions, solely to cover over-allotments. Such option may be exercised at any time until 30 days after the date of this Prospectus Supplement. To the extent that the Underwriters exercise such option, each of the Underwriters will be committed, subject to certain conditions, to purchase a number of shares proportionate to such Underwriter's initial commitment as indicated in the preceding table.

The Company and its executive officers and directors, who collectively are the beneficial owners of 25,028,928 shares of Common Stock, have agreed with the Underwriters not to, directly or indirectly, offer, sell, contract to sell, grant any option to purchase or otherwise dispose of, without the prior written consent of DLJ, any shares of Common Stock or any securities convertible into or exercisable or exchangeable for, or warrants, options or rights to purchase or acquire, Common Stock or in any other manner transfer all or a portion of the economic consequences associated with the ownership of any Common Stock, or enter into any agreement to do any of the foregoing for a period of 90 days after the date of this Prospectus Supplement. The restriction on the Company is subject to exceptions for issuances of Common Stock pursuant to acquisitions, existing director and employee benefit plans, existing contractual obligations, conversion of outstanding convertible securities and exercise of outstanding warrants. The Underwriters have agreed that 250,000 of the shares of Common Stock owned by Donald F. Moorehead, Jr., a director and executive officer of the Company, and a total of 500,000 shares of the Common Stock owned by John G. Rangos, Sr. and Alexander W. Rangos, both directors of the Company, will not be subject to the foregoing restriction.

Each of DLJ and Deutsche Morgan Grenfell Inc. has in the past provided, and may in the future provide, investment banking services for the Company. Additionally, the Representatives are participating as underwriters in the Notes Offering. Consummation of this Offering is not a condition to consummation of the Notes Offering, and consummation of the Notes Offering is not a condition to consummation of this Offering.

#### LEGAL MATTERS

The validity of the Common Stock offered hereby will be passed upon for the Company by Vinson & Elkins L.L.P., Houston, Texas and certain legal matters will be passed upon for the Underwriters by McDermott, Will & Emery, Chicago, Illinois.

The Company's solid waste management services include collection, transfer and disposal operations and, to a lesser extent, recycling and certain other waste management services. USA Waste owns or operates 101 landfills, 61 transfer stations and 123 collection operations and serves more than 2 million customers. The principal executive offices of USA Waste are located at 1001 Fannin Street, Suite 4000, Houston, Texas 77002 and its telephone number is (713) 512-6200. The "Company" and "USA Waste" refer to USA Waste Services, Inc. and its subsidiaries and predecessors, unless otherwise indicated or the context requires otherwise.

#### USE OF PROCEEDS

Except as may otherwise be described in the Prospectus Supplement relating to an offering of Securities, the net proceeds from the sale of the Securities offered pursuant to this Prospectus and such Prospectus Supplement will be used for general corporate purposes. Any specific allocation of the net proceeds of an offering of Securities by the Company to a specific purpose will be determined at the time of such offering and will be described in the related Prospectus Supplement.

#### RATIOS OF EARNINGS TO FIXED CHARGES

The following table sets forth the Company's consolidated ratios of earnings to fixed charges for the periods as shown.

	YEAR ENDED DECEMBER 31,					NINE MONTHS
	1991	1992	1993	1994	1995	ENDED SEPTEMBER 30, 1996
Actual.....	0.53	(0.20)	1.68	0.73	2.08	0.77

The Company's consolidated ratios of earnings to fixed charges were computed by dividing earnings by fixed charges. For this purpose, earnings are the sum of income (loss) from continuing operations, taxes, and fixed charges, excluding capitalized interest. Fixed charges are interest, whether expensed or capitalized, amortization of debt expense and discount on premium relating to indebtedness, whether expensed or capitalized, and such portion of rental expense that can be demonstrated to be representative of the interest factor in the particular case. For the nine months ended September 30, 1996 and the years ended December 31, 1991, 1992, and 1994, earnings are insufficient to cover fixed charges as evidenced by a less than one-to-one coverage ratio as shown above. Additional earnings of \$12,022,000, \$27,827,000, \$78,473,000, and \$17,855,000 were necessary for the nine months ended September 30, 1996 and the years ended December 31, 1991, 1992, and 1994, respectively, to provide a one-to-one coverage ratio. Except for the year ended December 31, 1991, nonrecurring costs, as discussed below, caused the less than one-to-one coverage in each of these periods.

The following table sets forth the Company's consolidated ratios of earnings to fixed charges for the periods shown, on a supplemental basis excluding nonrecurring items.

	YEAR ENDED DECEMBER 31,					NINE MONTHS ENDED SEPTEMBER 30, 1996
	1991	1992	1993	1994	1995	
Supplemental.....	0.53	1.07	1.81	2.15	2.88	4.31

Nonrecurring items for the nine months ended September 30, 1996, represent merger costs, primarily related to mergers with Sanifill, Inc. in August 1996 and Western Waste Industries ("Western") in May 1996, and unusual items, primarily related to operating losses and estimated losses associated with the disposition of certain non-core business assets. Nonrecurring items in 1995 primarily represent merger costs related to the merger with Chambers Development Company, Inc. ("Chambers") in June 1995 and nonrecurring interest related to extension fees and other charges associated with the refinancing of Chambers pre-merger debt. Nonrecurring items in 1994 primarily represent shareholder litigation costs incurred in connection with a settled class action of consolidated suits on similar claims alleging federal securities violations against Chambers, certain of its officers and directors, its former auditors, and the underwriters of its securities. Nonrecurring items in 1992 primarily represent various restructuring charges and charges to asset reserves by Western and Chambers. Nonrecurring items in 1991 and 1993 were not material.

#### DESCRIPTION OF DEBT SECURITIES

The Debt Securities will constitute either senior debt of the Company ("Senior Debt Securities"), or subordinated debt of the Company ("Subordinated Debt Securities"). Debt Securities may be issued from time to time under one or more indentures, each dated as of a date on or prior to the issuance of the Debt Securities to which it relates. Senior Debt Securities and Subordinated Debt Securities may be issued pursuant to separate indentures (respectively, a "Senior Debt Indenture" and a "Subordinated Debt Indenture"), in each case between the Company and a trustee (a "Trustee"), which may be the same Trustee, and in the form that has been filed as an exhibit to the Registration Statement of which this Prospectus is a part, subject to such amendments or supplements as may be adopted from time to time. The Senior Debt Indenture and the Subordinated Debt Indenture, as amended or supplemented from time to time, are sometimes hereinafter referred to individually as an "Indenture" and collectively as the "Indentures." The following summaries of anticipated provisions of the Indentures and the Debt Securities do not purport to be complete and such summaries are subject to the detailed provisions of the applicable Indenture to which reference is hereby made for a full description of such provisions, including the definition of certain terms used herein. Section references in parentheses below are to sections in both Indentures unless otherwise indicated. Wherever particular sections or defined terms of the applicable Indenture are referred to, such sections or defined terms are incorporated herein by reference as part of the statement made, and the statement is qualified in its entirety by such reference. The Indentures are substantially identical, except for certain covenants of the Company and provisions relating to subordination and conversion.

The Debt Securities may be issued from time to time in one or more series. The following description of the Debt Securities sets forth certain general terms and provisions of the Debt Securities of all series. The particular terms of each series of Debt Securities offered by any Prospectus Supplement (the "Offered Debt Securities") will be described therein.

#### PROVISIONS APPLICABLE TO BOTH SENIOR AND SUBORDINATED DEBT SECURITIES

General. The Debt Securities will be unsecured senior or subordinated obligations of the Company and may be issued from time to time in one or more series. The Indentures do not limit the amount of Debt Securities, debentures, notes or other types of indebtedness that may be issued by the Company or any of its subsidiaries nor do they restrict transactions between the Company and its affiliates or the payment of dividends or other distributions by the Company to its stockholders. The rights of the Company's creditors, including holders of Debt Securities, will be limited to the assets of the Company and will not be an obligation

of any of its Subsidiaries. In addition, other than as may be set forth in any Prospectus Supplement, the Indentures do not and the Debt Securities will not contain any covenants or other provisions that are intended to afford holders of the Debt Securities special protection in the event of either a change of control of the Company or a highly leveraged transaction by the Company.

Reference is made to the Prospectus Supplement for the following terms of and information relating to the Offered Debt Securities (to the extent such terms are applicable to such Offered Debt Securities): (i) the title of the Offered Debt Securities; (ii) classification as either Senior Debt Securities or Subordinated Debt Securities; (iii) whether the Offered Debt Securities that constitute Subordinated Debt Securities are convertible into Common Stock and, if so, the terms and conditions upon which such conversion will be effected including the initial conversion price or conversion rate and any adjustments thereto in addition to or different from those described herein, the conversion period and other conversion provisions in addition to or in lieu of those described herein; (iv) any limit on the aggregate principal amount of the Offered Debt Securities; (v) whether the Offered Debt Securities are to be issuable as Registered Securities or Bearer Securities or both, whether any of the Offered Debt Securities are to be issuable initially in temporary global form and whether any of the Offered Debt Securities are to be in permanent global form; (vi) the price or prices (expressed as a percentage of the aggregate principal amount thereof) at which the Offered Debt Securities will be issued; (vii) the date or dates on which the Offered Debt Securities will mature; (viii) the rate or rates per annum (or the method by which such will be determined) at which the Offered Debt Securities will bear interest, if any, and the date from which any such interest will accrue; (ix) the Interest Payment Dates on which any such interest on the Offered Debt Securities will be payable, the date on which payment of such interest, if any, will commence and the Regular Record Dates for any interest payable on any Offered Debt Securities which are Registered Securities on any Interest Payment Date and the extent to which, or the manner in which, any interest payable on a temporary global Offered Debt Security on an Interest Payment Date will be paid; (x) any mandatory or optional sinking fund or analogous provisions; (xi) each office or agency where, subject to the terms of the Indentures as described below under "Payment and Paying Agents," the principal of and any premium and interest on the Offered Debt Securities will be payable and each office or agency where, subject to the terms of the Indentures as described below under "Form, Exchange, Registration and Transfer," the Offered Debt Securities may be presented for registration of transfer or exchange; (xii) the right, if any, or obligation, if any, of the Company to redeem the Offered Debt Securities at its option and the period or periods, if any, within which and the price or prices at which the Offered Debt Securities may, pursuant to any optional or mandatory redemption provisions, be redeemed, in whole or in part, and the other detailed terms and provisions of any such optional or mandatory redemption; (xiii) the denominations in which any Offered Debt Securities which are Registered Securities will be issuable, if other than denominations of \$1,000 and any integral multiple thereof, and the denomination or denominations in which any Offered Debt Securities which are Bearer Securities will be issuable, if other than the denomination of \$5,000; (xiv) the currency or currencies (including composite currencies) in which payment of principal of and any premium and interest on the Offered Debt Securities is payable if other than United States dollars; (xv) any index used to determine the amount of payments of principal of and any premium and interest on the Offered Debt Securities; (xvi) information with respect to book-entry procedures, if any; (xvii) any deletions from, modification of or additions to the Events of Default or covenants of the Company with respect to such Offered Debt Securities; and (xviii) any other terms of the Offered Debt Securities not inconsistent with the provisions of the Indentures. (Section 301) Any such Prospectus Supplement will also describe any special provisions for the payment of additional amounts with respect to the Offered Debt Securities.

Debt Securities may be issued as Original Issue Discount Securities. An Original Issue Discount Security is a Debt Security, including any zero-coupon security, which is issued at a price lower than the amount payable upon the Stated Maturity thereof and which provides that upon redemption or acceleration of the maturity thereof an amount less than the amount payable upon the Stated Maturity thereof and determined in accordance with the terms of such Debt Security shall become due and payable. Special United States federal income tax considerations applicable to Debt Securities issued at an original issue discount, including Original Issue Discount Securities, and special United States tax considerations and other terms and restrictions applicable to any Debt Securities which are issued in bearer form, offered exclusively to United States Aliens

or denominated in other than United States dollars, will be set forth in a Prospectus Supplement relating thereto.

Form, Exchange, Registration and Transfer. Debt Securities of a series may be issuable in definitive form solely as Registered Securities, solely as Bearer Securities or as both Registered Securities and Bearer Securities. Unless otherwise indicated in an applicable Prospectus Supplement, Bearer Securities will have interest coupons attached. (Section 201) The Indentures also provide that Debt Securities of a series may be issuable in temporary or permanent global form. (Section 201)

Registered Securities of any series will be exchangeable for other Registered Securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor. In addition, if Debt Securities of any series are issuable as both Registered Securities and Bearer Securities, at the option of the Holder, and subject to the terms of the applicable Indenture, Bearer Securities (with all unmatured coupons, except as provided below, and all matured coupons in default) of such series will be exchangeable for Registered Securities of the same series of any authorized denominations and of a like aggregate principal amount and tenor. Bearer Securities surrendered in exchange for Registered Securities between a Regular Record Date or a Special Record Date and the relevant date for payment of interest shall be surrendered without the coupon relating to such date for payment of interest, and interest accrued as of such date will not be payable in respect of the Registered Security issued in exchange for such Bearer Security, but will be payable only to the Holder of such coupon when due in accordance with the terms of the applicable Indenture. Bearer Securities will not be issued in exchange for Registered Securities. (Section 305)

Debt Securities may be presented for exchange as provided above, and Registered Securities may be presented for registration of transfer (with the form of transfer endorsed thereon duly executed), at the office of the Security Registrar or at the office of any transfer agent designated by the Company for such purpose with respect to any series of Debt Securities and referred to in an applicable Prospectus Supplement, without service charge and upon payment of any taxes and other governmental charges as described in the Indentures. Such transfer or exchange will be effected upon the Security Registrar or such transfer agent, as the case may be, being satisfied with the documents of title and identity of the person making the request. The Company will serve initially as Security Registrar. (Section 305) If a Prospectus Supplement refers to any transfer agents (in addition to the Security Registrar) initially designated by the Company with respect to any series of Debt Securities, the Company may at any time rescind the designation of any such transfer agent or approve a change in the location through which any such transfer agent acts, except that, if Debt Securities of a series are issuable solely as Registered Securities, the Company will be required to maintain a transfer agent in each Place of Payment for such series and, if Debt Securities of a series are also issuable as Bearer Securities, the Company will be required to maintain (in addition to the Security Registrar) a transfer agent in a Place of Payment for such series located outside the United States. The Company may at any time designate additional transfer agents with respect to any series of Debt Securities. (Section 1002)

In the event of any redemption in part, the Company shall not be required to (i) issue, register the transfer of or exchange Debt Securities of any series during a period beginning at the opening of business 15 days prior to the selection of Debt Securities of that series for redemption and ending on the close of business on (A) if Debt Securities of the series are issuable only as Registered Securities, the day of mailing of the relevant notice of redemption and (B) if Debt Securities of the series are issuable as Bearer Securities, the date of the first publication of the relevant notice of redemption or, if Securities of the series are also issuable as Registered Securities and there is no publication, the mailing of the relevant notice of redemption; (ii) register the transfer of or exchange any Registered Security, or portion thereof, called for redemption, except the unredeemed portion of any Registered Security being redeemed in part, or (iii) exchange any Bearer Security called for redemption, except to exchange such Bearer Security for a Registered Security of that series and like tenor which is immediately surrendered for redemption. (Section 305)

Payment and Paying Agents. Unless otherwise indicated in an applicable Prospectus Supplement, payment of principal of and any premium and interest on Bearer Securities will be payable, subject to any applicable laws and regulations, at the offices of such Paying Agents outside the United States as the Company may designate from time to time, in the manner indicated in such Prospectus Supplement.

(Section 1002) Unless otherwise indicated in an applicable Prospectus Supplement, payment of interest on Bearer Securities on any Interest Payment Date will be made only against surrender to the Paying Agent of the coupon relating to such Interest Payment Date. (Section 1001) No payment with respect to any Bearer Security will be made at any office or agency of the Company in the United States or by check mailed to any address in the United States or by transfer to any account maintained with a bank located in the United States. Notwithstanding the foregoing, payments of principal of and any premium and interest on Bearer Securities denominated and payable in U.S. dollars will be made at the office of the Company's Paying Agent in the Borough of Manhattan, The City of New York, if (but only if) payment of the full amount thereof in U.S. dollars at all offices or agencies outside the United States is illegal or effectively precluded by exchange controls or other similar restrictions. (Section 1002)

Unless otherwise indicated in an applicable Prospectus Supplement, payment of principal of and any premium and interest on Registered Securities will be made at the office of such Paying Agent or Paying Agents as the Company may designate from time to time, except that at the option of the Company payment of any interest may be made by check mailed on or before the due date to the address of the Person entitled thereto as such address shall appear in the Security Register. (Sections 307, 1002) Unless otherwise indicated in an applicable Prospectus Supplement, payment of any installment of interest on Registered Securities will be made to the Person in whose name such Registered Security is registered at the close of business on the Regular Record Date for such interest. (Section 307)

Unless otherwise indicated in an applicable Prospectus Supplement, the Company, at its principal executive offices in Houston, Texas will act as its own Paying Agent for payments with respect to Debt Securities which are issuable solely as Registered Securities and the Company will maintain a Paying Agent outside the United States for payments with respect to Debt Securities (subject to limitations described above in the case of Bearer Securities) which are issuable solely as Bearer Securities or as both Registered Securities and Bearer Securities. Any Paying Agents outside the United States and any other Paying Agents in the United States initially designated by Company for the Debt Securities will be named in an applicable Prospectus Supplement. The Company may at any time designate additional Paying Agents or rescind the designation of any Paying Agent or approve a change in the office through which any Paying Agent acts, except that, if Debt Securities of a series are issuable solely as Registered Securities, the Company will be required to maintain a Paying Agent in each Place of Payment for such series and, if Debt Securities of a series are issuable as Bearer Securities, the Company will be required to maintain (i) a Paying Agent in the Borough of Manhattan, The City of New York for principal payments with respect to any Registered Securities of the series (and for payments with respect to Bearer Securities of the series in the circumstances described above, but not otherwise), and (ii) a Paying Agent in a Place of Payment located outside the United States where Debt Securities of such series and any coupons appertaining thereto may be presented and surrendered for payment. (Section 1002)

All moneys paid by the Company to a Paying Agent for the payment of principal of and any premium or interest on any Debt Security which remain unclaimed at the end of two years after such principal, premium or interest shall have become due and payable will (subject to applicable escheat laws) be repaid to the Company, and the Holder of such Debt Security or any coupon will thereafter look only to the Company for payment thereof. (Section 1003)

Global Debt Securities. Debt Securities of a series may be issued in whole or in part in the form of one or more global Debt Securities that will be deposited with, or on behalf of, a depository identified in the Prospectus Supplement relating to such series. Global Debt Securities may be issued in either registered or bearer form and in either temporary or permanent form. (Section 203) Unless and until it is exchanged in whole or in part for the individual Debt Securities represented thereby, a global Debt Security may not be transferred except as a whole by the depository for such global Debt Security to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository or by the depository or any nominee to a successor depository or any nominee of such successor.

The specific terms of the depository arrangement with respect to a series of Debt Securities and certain limitations and restrictions relating to a series of Bearer Securities in the form of one or more global Debt Securities will be described in the Prospectus Supplement relating to such series.

Events of Default. Any one of the following events constitutes an Event of Default under each Indenture with respect to Debt Securities of any series: (a) failure to pay any interest on any Debt Security of that series when due, continued for 30 days; (b) failure to pay principal of or any premium on any Debt Security of that series when due; (c) failure to deposit any sinking fund payment, when due, in respect of any Debt Security of that series; (d) failure to perform any other covenant of the Company in such Indenture (other than a covenant included in such Indenture solely for the benefit of any series of Debt Securities other than that series), continued for 90 days after written notice as provided in such Indenture; (e) certain events in bankruptcy, insolvency or reorganization involving the Company; and (f) any other Event of Default provided with respect to Debt Securities of that series. (Section 501)

If an Event of Default with respect to Debt Securities of any series at the time Outstanding occurs and is continuing, either the Trustee or the Holders of at least 25% in aggregate principal amount of the Outstanding Securities of that series by notice as provided in the applicable Indenture may declare the principal amount (or, if the Debt Securities of that series are Original Issue Discount Securities, such portion of the principal amount as may be specified in the terms of that series) of all the Debt Securities of that series to be due and payable immediately. At any time after a declaration of acceleration with respect to Debt Securities of any series has been made, but before a judgment or decree for payment of money has been obtained by the Trustee, the Holders of a majority in aggregate principal amount of the Outstanding Securities of that series may, under certain circumstances, rescind and annul such acceleration. (Section 502)

Each Indenture provides that, subject to the duty of the Trustee during default to act with the required standard of care, the Trustee is under no obligation to exercise any of its rights or powers under such Indenture at the request or direction of any of the Holders, unless such Holders shall have offered to the Trustee reasonable indemnity. (Sections 601, 603) Subject to such provisions for the indemnification of the Trustee, the Holders of a majority in aggregate principal amount of the Outstanding Securities of any series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee, with respect to the Debt Securities of that series; provided, however, that the Trustee is not obligated to take any action unduly prejudicial to Holders not joining in such direction or involving the Trustee in personal liability. (Section 512)

The Company is required to furnish to the Trustee annually a statement as to the performance by the Company of its obligations under each Indenture and as to any default in such performance. (Section 1007)

Defeasance. If so specified with respect to any particular series of Debt Securities issued under an Indenture, the Company may discharge its indebtedness and its obligations or certain of its obligations under such Indenture with respect to such series by depositing funds or obligations issued or guaranteed by the United States of America with the Trustee. (Sections 1301-1303)

Defeasance and Discharge. Each Indenture provides that, if so specified with respect to the Debt Securities of any series issued under such Indenture (other than convertible Subordinated Debt Securities), the Company will be discharged from any and all obligations in respect of the Debt Securities of such series (except for certain obligations relating to temporary Debt Securities and exchange of Debt Securities, registration of transfer or exchange of Debt Securities of such series, replacement of stolen, lost or mutilated Debt Securities of such series, maintenance of paying agencies to hold moneys for payment in trust and payment of additional amounts, if any, required in consequence of United States withholding taxes imposed on payments to non-United States persons) upon the deposit with the Trustee, in trust, of money and/or U.S. Government Obligations which through the payment of interest and principal in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of (and premium, if any), and each installment of interest on, the Debt Securities of such series on the Stated Maturity of such payments in accordance with the terms of such Indenture and the Debt Securities of such series. (Sections 1302, 1304) Such a trust may only be established if, among other things, the Company has delivered to the Trustee an Opinion of Counsel to the effect that (i) the Company has received from, or there has been published by, the

Internal Revenue Service a ruling, or (ii) since the date of such Indenture there has been a change in applicable federal income tax law, in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, the Holders of such series will not recognize income, gain or loss for federal income tax purposes as a result of such deposit, defeasance and discharge, and will be subject to federal income tax on the same amounts and in the same manner and at the same times as would have been the case if such deposit, defeasance and discharge had not occurred. (Section 1304) In the event of any such defeasance and discharge of Debt Securities of such series, Holders of such series would be entitled to look only to such trust fund for payment of principal of and any premium and any interest on their Debt Securities until Maturity.

Covenant Defeasance. Each Indenture also provides that, if so specified with respect to the Debt Securities of any series issued thereunder, the Company may omit to comply with certain restrictive covenants, including (in the case of the Senior Debt Indenture) the covenant described under "Limitation on Liens" below, but excluding (in the case of the Subordinated Debt Indenture) any applicable obligation of the Company respecting the conversion of Debt Securities of such series into Common Stock, and any such omission shall not be an Event of Default with respect to the Debt Securities of such series, upon the deposit with the Trustee, in trust, of money and/or U.S. Government Obligations which through the payment of interest and principal in respect thereof in accordance with their terms will provide money in an amount sufficient to pay the principal of (and premium, if any), and each installment of interest on, the Debt Securities of such series on the Stated Maturity of such payments in accordance with the terms of such Indenture and the Debt Securities of such series. The obligations of the Company under such Indenture and the Debt Securities of such series other than with respect to such covenants shall remain in full force and effect. (Section 1303) Such a trust may be established only if, among other things, the Company has delivered to the Trustee an Opinion of Counsel to the effect that the Holders of such series will not recognize income, gain or loss for federal income tax purposes as a result of such deposit and defeasance of certain obligations and will be subject to federal income tax on the same amounts and in the same manner and at the same time as would have been the case if such deposit and defeasance had not occurred. (Section 1304)

Although the amount of money and U.S. Government Obligations on deposit with the Trustee would be intended to be sufficient to pay amounts due on the Debt Securities of such series at the time of their Stated Maturity, in the event the Company exercises its option to omit compliance with the covenants defeased with respect to the Debt Securities of any series as described above, and the Debt Securities of such series are declared due and payable because of the occurrence of any Event of Default, such amount may not be sufficient to pay amounts due on the Debt Securities of such series at the time of the acceleration resulting from such Event of Default. The Company shall in any event remain liable for such payments as provided in the applicable Indenture.

Federal Income Tax Consequences. Under current United States federal income tax law, defeasance and discharge would likely be treated as a taxable exchange of Debt Securities to be defeased for an interest in the defeasance trust. As a consequence, a holder would recognize gain or loss equal to the difference between the holder's cost or other tax basis for such Debt Securities and the value of the holder's interest in the defeasance trust, and thereafter would be required to include in income the holder's share of the income, gain or loss of the defeasance trust. Under current United States federal income tax law, covenant defeasance would ordinarily not be treated as a taxable exchange of such Debt Securities.

Meetings, Modification and Waiver. Modifications and amendments of either Indenture may be made by the Company and the Trustee with the consent of the Holders of a majority in aggregate principal amount of the Outstanding Securities of each series affected by such modification or amendment; provided, however, that no such modification or amendment may, without consent of the Holder of each Outstanding Security affected thereby, (a) change the Stated Maturity of the principal of, or any installment of principal of or interest on, any Debt Security, (b) change the Redemption Date with respect to any Debt Security, (c) reduce the principal amount of, or premium or interest on, any Debt Security, (d) change any obligation of the Company to pay additional amounts, (e) reduce the amount of principal of an Original Issue Discount Security payable upon acceleration of the Maturity thereof, (f) change the coin or currency in which any Debt Security or any premium or interest thereon is payable, (g) change the redemption right of any Holder, (h) impair the right to institute suit for the enforcement of any payment on or with respect to any Debt

Security or any conversion right with respect thereto, (i) reduce the percentage in principal amount of Outstanding Securities of any series, the consent of whose Holders is required for modification or amendment of such Indenture or for waiver of compliance with certain provisions of such Indenture or for waiver of certain defaults, (j) reduce the requirements contained in such Indenture for quorum or voting, (k) change any obligation of the Company to maintain an office or agency in the places and for the purposes required by such Indenture, (l) adversely affect the right to convert Subordinated Debt Securities, if applicable, or (m) modify any of the above provisions. (Section 902)

The Subordinated Debt Indenture may not be amended to alter the subordination of any outstanding Subordinated Debt Securities without the consent of each holder of Senior Indebtedness (as defined below under "-- Provisions Applicable Solely to Subordinated Debt Securities") then outstanding that would be adversely affected thereby. (Section 907 of the Subordinated Debt Indenture)

The Holders of a majority in aggregate principal amount of the Outstanding Securities of each series may, on behalf of all Holders of that series, waive, insofar as that series is concerned, compliance by the Company with certain restrictive provisions of the Indenture under which such series has been issued. (Section 1008) The Holders of a majority in aggregate principal amount of the Outstanding Securities of each series may, on behalf of all Holders of that series, waive any past default under the applicable Indenture with respect to any Debt Securities of that series, except a default (a) in the payment of principal of, or premium, if any, or any interest on any Debt Security of such series or (b) in respect of a covenant or provision of such Indenture which cannot be modified or amended without the consent of the Holder of each Outstanding Security of such series affected. (Section 513)

Each Indenture provides that in determining whether the Holders of the requisite principal amount of the Outstanding Securities have given any request, demand, authorization, direction, notice, consent or waiver thereunder or are present at a meeting of the Holders for quorum purposes, (i) the principal amount of an Original Issue Discount Security that is deemed to be Outstanding will be the amount of the principal that would be due and payable as of the date of such determination upon acceleration of the Maturity thereof, and (ii) the principal amount of a Debt Security denominated in a foreign currency or currency units will be the U.S. dollar equivalent, determined on the date of original issuance of such Debt Security, of the principal amount of such Debt Security or, in the case of an Original issue Discount Security, the U.S. dollar equivalent, determined on the date of original issuance of such Security, of the amount determined as provided in (i) above. (Section 101)

Each Indenture contains provisions for convening meetings of the Holders of a series if Debt Securities of that series are issuable as Bearer Securities. (Section 1401) A meeting may be called at any time by the Trustee, and also, upon request, by the Company or the Holders of at least 10% in aggregate principal amount of the Outstanding Securities of such series, in any such case upon notice given in accordance with "Notices" below. (Section 1402) Except for any consent which must be given by the Holder of each Outstanding Security affected thereby, as described above, any resolution presented at a meeting (or adjourned meeting at which a quorum is present) may be adopted by the affirmative vote of the Holders of a majority in aggregate principal amount of the Outstanding Securities of that series; provided, however, that any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action which may be made, given or taken by the Holders of a specified percentage, which is less than a majority, in aggregate principal amount of the Outstanding Securities of a series may be adopted at a meeting (or adjourned meeting duly reconvened at which a quorum is present) by the affirmative vote of the Holders of such specified percentage in aggregate principal amount of the Outstanding Securities of that series. Any resolution passed or decision taken at any meeting of Holders of any series duly held in accordance with the applicable Indenture will be binding on all Holders of that series and related coupons. The quorum at any meeting, and at any reconvened meeting, will be Persons holding or representing a majority in aggregate principal amount of the Outstanding Securities of a series. (Section 1404)

Consolidation, Merger and Sale of Assets. The Company, without the consent of the Holders of any of the outstanding Securities under either Indenture, may consolidate with or merge into, or convey, transfer or lease its assets substantially as an entirety to, any Person which is a corporation, partnership or trust organized

and validly existing under the laws of any domestic jurisdiction, provided that any successor Person assumes the Company's obligations on the Securities and under such Indenture, and provided further that after giving effect to the transaction no Event of Default, and no event which, after notice or lapse of time, would become an Event of Default, shall have occurred and be continuing, and that certain other conditions are met. (Section 801)

Notices. Except as otherwise provided in the Indentures, notices to Holders of Bearer Securities will be given by publication at least twice in a daily newspaper in The City of New York and in such other city or cities as may be specified in such Bearer Securities. Notices to Holders of Registered Securities will be given by mail to the addresses of such Holders as they appear in the Security Register. (Section 106)

Title. Title to any Bearer Securities (including Bearer Securities in permanent global form) and any coupons appertaining thereto will pass by delivery. The Company, the Trustee and any agent of the Company or the Trustee may treat the bearer of any Bearer Security and the bearer of any coupon and the registered owner of any Registered Security as the owner thereof (whether or not such Debt Security or coupon shall be overdue and notwithstanding any notice to the contrary) for the purpose of making payment and for all other purposes. (Section 308)

Replacement of Securities and Coupons. Any mutilated Debt Security or a Debt Security with a mutilated coupon appertaining thereto will be replaced by the Company at the expense of the Holder upon surrender of such Debt Security to the Trustee. Debt Securities or coupons that became destroyed, stolen or lost will be replaced by the Company at the expense of the Holder upon delivery to the Trustee of the Debt Security and coupons or evidence of destruction, loss or theft thereof satisfactory to the Company and the Trustee; in the case of any coupon which becomes destroyed, stolen or lost, such coupon will be replaced by issuance of a new Debt Security in exchange for the Debt Security to which such coupon appertains. In the case of a destroyed, lost or stolen Debt Security or coupon, an indemnity satisfactory to the Trustee and the Company may be required at the expense of the Holder of such Debt Security or coupon before a replacement Debt Security will be issued. (Section 306)

Governing Law. The Indentures, the Debt Securities and coupons will be governed by, and construed in accordance with, the laws of the State of New York. (Section 113)

Regarding the Trustee. The Trustee for each series of Debt Securities will be identified in the applicable Prospectus Supplement.

Each Indenture contains certain limitations on the right of the Trustee, should it become a creditor of the Company, to obtain payment of claims in certain cases, or to realize for its own account on certain property received in respect of any such claim as security or otherwise. (Section 613) The Trustee is permitted to engage in certain other transactions; however, if it acquires any conflicting interest (as described in the Indentures), it must eliminate such conflict or resign. (Section 608)

The holders of a majority in principal amount of all outstanding Debt Securities of a Series (or if more than one Series is affected thereby, all of Series so affected, voting as a single class) will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy or power available to the Trustee for such Series or all such Series so affected.

In case an Event of Default shall occur (and shall not be cured) under any Indenture relating to a Series of Debt Securities and is known to the Trustee for such Series, such Trustee shall exercise such of the rights and powers vested in it by such Indenture and use the same degree of care and skill in its exercise as a prudent person would exercise or use under the circumstances in the conduct of his own affairs. Subject to such provisions, no Trustee will be under any obligation to exercise any of its rights or powers under the applicable Indenture at the request of any of the holders of Debt Securities unless they shall have offered to such Trustee security and indemnity satisfactory to it.

## PROVISIONS APPLICABLE SOLELY TO SENIOR DEBT SECURITIES

General. Senior Debt Securities will be issued under the Senior Debt Indenture, and each series will rank pari passu as to the right of payment of principal and any premium and interest with each other series issued thereunder and will rank senior to all series of Subordinated Debt Securities that may be issued.

Certain Definitions. For purposes of the following discussion, the following definitions are applicable (Section 101 of the Senior Debt Indenture).

"Net Tangible Assets" means the total amount of assets appearing on a consolidated balance sheet of the Company and its Subsidiaries less, without duplication: (a) total current liabilities (excluding current maturities of long-term debt and preferred stock); (b) all reserves for depreciation and other asset valuation reserves but excluding reserves for deferred federal and state income taxes; (c) all intangible assets such as goodwill, trademarks, trade names, patents and unamortized debt discount and expense carried as an asset; and (d) all appropriate adjustments on account of minority interests of other Persons holding common stock in any Subsidiary.

"Person" means any individual, corporation, partnership, joint venture, trust, unincorporated organization or government or any agency or political subdivision thereof.

"Subsidiary" means a corporation more than 50% of the outstanding stock of which is owned, directly or indirectly, by the Company or by one or more Subsidiaries, or by the Company and one or more other Subsidiaries. For the purposes of this definition, "voting stock" means stock which ordinarily has voting power for the election of directors, whether at all times or only so long as no senior class of stock has such voting power by reason of any contingency.

## PROVISIONS APPLICABLE SOLELY TO SUBORDINATED DEBT SECURITIES

Subordination. The Subordinated Debt Securities will be subordinate and junior in right of payment, to the extent set forth in the Subordinated Debt Indenture, to all Senior Indebtedness (as defined below) of the Company. If the Company should default in the payment of any principal of or premium or interest on any Senior Indebtedness when the same become due and payable, whether at maturity or a date fixed for prepayment or by declaration of acceleration or otherwise, then, upon written notice of such default to the Company by the holders of such Senior Indebtedness or any trustee therefor and subject to certain rights of the Company to dispute such default and subject to proper notification of the Trustee, unless and until such default has been cured or waived or ceases to exist, no direct or indirect payment (in cash, property, securities, by set-off or otherwise) will be made or agreed to be made for principal or premium, if any, or interest, if any, on the Subordinated Debt Securities, or in respect of any redemption, retirement, purchase or other acquisition of the Subordinated Debt Securities other than those made in capital stock of the Company (or cash in lieu of fractional shares thereof) pursuant to any conversion right of the Subordinated Debt Securities or otherwise made in capital stock of the Company. (Sections 1601, 1604 and 1605 of the Subordinated Debt Indenture)

"Senior Indebtedness" is defined in Section 101 of the Subordinated Debt Indenture as Indebtedness (as defined below) of the Company outstanding at any time except (a) any Indebtedness as to which, by the terms of the instrument creating or evidencing the same, it is provided that such Indebtedness is not senior in right of payment to the Subordinated Debt Securities, (b) the Subordinated Debt Securities, (c) any Indebtedness of the Company to a wholly-owned Subsidiary of the Company, (d) interest accruing after the filing of a petition initiating certain bankruptcy or insolvency proceedings unless such interest is an allowed claim enforceable against the Company in a proceeding under federal or state bankruptcy laws, (e) obligations under performance guarantees, support agreements and other agreements in the nature thereof relating to the obligations of any Subsidiary of the Company, and (f) trade accounts payable. "Indebtedness" is defined in Section 101 of the Subordinated Debt Indenture as, with respect to any Person, (a) (i) the principal of and premium and interest, if any, on indebtedness for money borrowed of such Person evidenced by bonds, notes, debentures or similar obligations, including any guaranty by such Person of any indebtedness for money borrowed of any other Person, whether any such indebtedness or guaranty is outstanding on the date of the

Subordinated Debt Indenture or is thereafter created, assumed or incurred, (ii) the principal of and premium and interest, if any, on indebtedness for money borrowed, incurred, assumed or guaranteed by such Person in connection with the acquisition by it or any of its subsidiaries of any other business, properties or other assets and (iii) lease obligations which such Person capitalizes in accordance with Statement of Financial Accounting Standards No. 13 promulgated by the Financial Accounting Standards Board or such other generally accepted accounting principles as may be from time to time in effect, (b) any other indebtedness of such Person, including any indebtedness representing the balance deferred and unpaid of the purchase price of any property or interest therein, including any such balance that constitutes a trade account payable, and any guaranty, endorsement or other contingent obligation of such Person in respect of any indebtedness of another, which is outstanding on the date of the Subordinated Debt Indenture or is thereafter created, assumed or incurred by such Person and (c) any amendments, modifications, refundings, renewals or extensions of any indebtedness or obligation described as Indebtedness in clause (a) or (b) above.

If (i) without the consent of the Company a court shall enter (A) an order for relief with respect to the Company under the United States federal bankruptcy laws, (B) a judgment, order or decree adjudging the Company a bankrupt or insolvent, or (C) an order for relief for reorganization, arrangement, adjustment or composition of or in respect of the Company under the United States federal bankruptcy laws or state insolvency laws or (ii) the Company shall institute proceedings for the entry of an order for relief with respect to the Company under the United States federal bankruptcy laws or for an adjudication of insolvency, or shall consent to the institution of bankruptcy or insolvency proceedings against it, or shall file a petition seeking, or seek or consent to reorganization, arrangement, composition or similar relief under any applicable law, or shall consent to the filing of such petition or to the appointment of a receiver, custodian, liquidator, assignee, trustee, sequestrator or similar official in respect of the Company or of substantially all of its property, or the Company shall make a general assignment for the benefit of creditors, then all Senior Indebtedness (including any interest thereon accruing after the commencement of any such proceedings) will first be paid in full before any payment or distribution, whether in cash, securities or other property, is made on account of the principal of, premium, if any, or interest, if any, on the Subordinated Debt Securities. In such event, any payment or distribution on account of the principal of, premium, if any, or interest, if any, on the Subordinated Debt Securities, whether in cash, securities or other property (other than securities of the Company or any other corporation provided for by a plan of reorganization or readjustment the payment of which is subordinate, at least to the extent provided in the subordination provisions with respect to the Subordinated Debt Securities, to the payment of all Senior Indebtedness then outstanding and to any securities issued in respect thereof under any such plan of reorganization or readjustment), which would otherwise (but for the subordination provisions) be payable or deliverable in respect of the Subordinated Debt Securities will be paid or delivered directly to the holders of Senior Indebtedness in accordance with the priorities then existing among such holders until all Senior Indebtedness (including any interest thereon accruing after the commencement of any such proceedings) has been paid in full. If any payment or distribution on account of the principal of, premium, if any, or interest, if any, on the Subordinated Debt Securities of any character, whether in cash, securities or other property (other than securities of the Company or any other corporation provided for by a plan of reorganization or readjustment the payment of which is subordinate, at least to the extent provided in the subordination provisions with respect to the Subordinated Debt Securities, to the payment of all Senior Indebtedness then outstanding and to any securities issued in respect thereof under any such plan of reorganization or readjustment), shall be received by the Trustee or any holder of any Subordinated Debt Securities in contravention of any of the terms of the Subordinated Debt Indenture, such payment or distribution will be received in trust for the benefit of, and will be paid over or delivered and transferred to, the holders of the Senior Indebtedness then outstanding in accordance with the priorities then existing among such holders for application to the payment of all Senior Indebtedness remaining unpaid, to the extent necessary to pay all such Senior Indebtedness in full. In the event of any such proceeding, after payment in full of all sums owing with respect to Senior Indebtedness, the holders of Subordinated Debt Securities, together with the holders of any obligations of the Company ranking on a parity with the Subordinated Debt Securities, will be entitled to be repaid from the remaining assets of the Company the amounts at that time due and owing on account of unpaid principal of or any premium or interest on the Subordinated Debt Securities and such other obligations before any payment or other distribution, whether in cash, property or otherwise, shall

be made on account of any capital stock or obligations of the Company ranking junior to the Subordinated Debt Securities and such other obligations. (Section 1601 of the Subordinated Debt Indenture)

The Prospectus Supplement respecting any series of Subordinated Debt Securities will set forth any subordination provisions applicable to such series in addition to or different from those described above.

By reason of such subordination, in the event of liquidation, bankruptcy, reorganization, insolvency, receivership or similar proceeding involving the Company or an assignment for the benefit of creditors of the Company or any of its Subsidiaries or a marshalling of assets or liabilities of the Company and its Subsidiaries, holders of Senior Indebtedness and holders of other obligations of the Company that are not subordinated to Senior Indebtedness may receive more, ratably, than holders of the Subordinated Debt Securities. Such subordination will not prevent the occurrence of any Default or Event of Default or limit the rights of the Trustee or any Holder, subject to the other provisions of the Indenture, to pursue any other rights or remedies with respect to the Subordinated Debt Securities.

Conversion. The Subordinated Debt Indenture may provide for a right of conversion of Subordinated Debt Securities into Common Stock (or cash in lieu thereof). (Sections 301 and 1501 of the Subordinated Debt Indenture) The following provisions will apply to Debt Securities that are convertible Subordinated Debt Securities unless otherwise provided in the Prospectus Supplement for such Debt Securities.

The holder of any convertible Subordinated Debt Securities will have the right exercisable at any time prior to maturity, unless previously redeemed or otherwise purchased by the Company, to convert such Subordinated Debt Securities into shares of Common Stock at the conversion price or conversion rate set forth in the Prospectus Supplement, subject to adjustment. (Section 1502 of the Subordinated Debt Indenture) The holder of convertible Subordinated Debt Securities may convert any portion thereof which is \$1,000 in principal amount or any integral multiple thereof. (Section 1502 of the Subordinated Debt Indenture)

In certain events, the conversion price or conversion rate will be subject to adjustment as set forth in the Subordinated Debt Indenture. Such events include the issuance of shares of Common Stock of the Company as a dividend or distribution on the Common Stock; subdivisions, combinations and reclassifications of the Common Stock; the issuance to all holders of Common Stock of rights or warrants entitling the holders thereof (for a period not exceeding 45 days) to subscribe for or purchase shares of Common Stock at a price per share less than the then current market price per share of Common Stock (as determined pursuant to the Subordinated Debt Indenture); and the distribution to substantially all holders of Common Stock of evidences of indebtedness, equity securities (including equity interests in the Company's Subsidiaries) other than Common Stock, or other assets (excluding cash dividends paid from surplus) or rights or warrants to subscribe for securities (other than those referred to above). No adjustment of the conversion price or conversion rate will be required unless an adjustment would require a cumulative increase or decrease of at least 1% in such price or rate. (Section 1504 of the Subordinated Debt Indenture) The Company has been advised by its counsel, Vinson & Elkins L.L.P., that certain adjustments in the conversion price or conversion rate in accordance with the foregoing provisions may result in constructive distributions to either holders of the Subordinated Debt Securities or holders of Common Stock which would be taxable pursuant to Treasury Regulations issued under Section 305 of the Internal Revenue Code of 1986, as amended. The amount of any such taxable constructive distribution would be the fair market value of the Common Stock which is treated as having been constructively received, such value being determined as of the time the adjustment resulting in the constructive distribution is made.

Fractional shares of Common Stock will not be issued upon conversion, but, in lieu thereof, the Company will pay a cash adjustment based on the then current market price for the Common Stock. (Section 1503 of the Subordinated Debt Indenture) Upon conversion, no adjustments will be made for accrued interest or dividends, and therefore convertible Subordinated Debt Securities surrendered for conversion between the record date for an interest payment and the interest payment date (except convertible Subordinated Debt Securities called for redemption on a redemption date during such period) must be accompanied by payment of an amount equal to the interest thereon which the registered holder is to receive. (Sections 1504 and 1502 of the Subordinated Debt Indenture)

In the case of any consolidation or merger of the Company (with certain exceptions) or any conveyance, transfer or lease of the properties and assets of the Company substantially as an entirety to any Person, each holder of convertible Subordinated Debt Securities, after the consolidation, merger, conveyance, transfer or lease, will have the right to convert such convertible Subordinated Debt Securities only into the kind and amount of securities, cash and other property which the holder would have been entitled to receive upon or in connection with such consolidation, merger, conveyance, transfer or lease, if the holder had held the Common Stock issuable upon conversion of such convertible Subordinated Debt Securities immediately prior to such consolidation, merger, conveyance, transfer or lease. (Section 1505 of the Subordinated Debt Indenture)

## DELAWARE ANTI-TAKEOVER LAW

Section 203 of the DGCL ("Section 203") generally provides that a person who, together with affiliates and associates owns, or within three years did own, at least 15% but less than 85% of the outstanding voting stock of a corporation subject to the statute (an "Interested Stockholder") may not engage in certain business combinations with the corporation for a period of three years after the date on which the person became an Interested Stockholder unless (i) prior to such date, the corporation's board of directors approved either the business combination or the transaction in which the stockholder became an Interested Stockholder or (ii) subsequent to such date, the business combination is approved by the corporation's board of directors and authorized at a stockholders' meeting by a vote of at least two-thirds of the corporation's outstanding voting stock not owned by the Interested Stockholder. Section 203 defines the term "business combination" to encompass a wide variety of transactions with or caused by an Interested Stockholder, including mergers, asset sales, and other transactions in which the Interested Stockholder receives or could receive a benefit on other than a pro rata basis with other stockholders.

The provisions of Section 203, combined with the Board's authority to issue Preferred Stock without further stockholder action, could delay or frustrate a change in control of the Company. The provisions also could discourage, impede or prevent a merger, tender offer or proxy contest, even if such event would be favorable to the interests of stockholders. The Company's stockholders, by adopting an amendment to the Restated Certificate of Incorporation, may elect not to be governed by Section 203 which election would be effective 12 months after such adoption. Neither the Company's Restated Certificate of Incorporation nor its Bylaws exclude the Company from the restrictions imposed by Section 203.
